DETAILED ACTION

Applicants' amendment to 10/038,209 has been examined. The specification is amended. Claim 1 and 26 are cancelled. Claims 2, 3 and 27, 28 are amended. Claims 2-25 and 27-43 are pending.

1. Applicants' amendment overcomes the claim rejections in the instant office action, however the claims objections remain outstanding.

Claim Objections

2. Claims 2-25 and 27-43 are objected to because of the following informalities: Pursuant to the objected to claims, the preamble should state the intended use or purpose of the invention. Appropriate correction is required.

Remarks

3. The Federal Circuit has stated that the preamble states the intended use or purpose of the invention. The preamble usually does not limit the scope of the claim unless the preamble provides antecedents for ensuing claim terms and limits the claim accordingly. Applicants must provide a preamble that is more descriptive of the claimed invention.

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Claims 2-25 and 27-43 are objected to for reasons cited, *supra*.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
